Cat Breed Explainer Kit

Prompt Kit PH | Animals kit

Overview

Introduce one cat breed with a gentle narrated script, matching illustrations and a short care checklist.

Cat content does well when it feels cozy and accurate. The framework separates personality notes from facts you must confirm.

Example prompts

Scene image prompt

```
Cozy illustration of a [BREED NAME] cat sitting by a condo window with a city skyline behind it, soft pastel colors, calm mood, no text or logos.
```

Hook prompt

```
Write five opening hooks for a short video about the [BREED NAME]. Keep each under 12 words. No claims about rarity or price.
```

How to adapt it

1. Change the setting from a condo to a house with a garden.
2. Replace the care checklist with a 'questions to ask a breeder or shelter' list.
3. Turn the script into a 4 slide carousel by merging scenes.

Fact check checklist

- Confirm care and diet advice with a licensed veterinarian.
- Compare every date, name and number against at least two reliable sources, such as an official site, a museum, a university page or a respected encyclopedia.
- Remove any claim you could not confirm. If you keep a disputed point, label it as disputed.
