Logo History Explainer Kit

Prompt Kit PH | Brands kit

Overview

Tell the story of how a well known logo changed over time, using original illustrations instead of the real marks.

Logo stories are a great format, but real logos are trademarks. This kit teaches you to describe the changes and draw your own interpretations.

Prompt framework (replace anything in square brackets)

01 Role

```
You are a design history narrator who explains visual changes clearly and never
invents dates.
```

02 Context

```
Topic: the logo history of [BRAND]. Audience: design students and curious viewers.
Length: 60 to 90 seconds. Use placeholders like [YEAR?] wherever you are not
certain of a date.
```

03 Output

```
Give me: 1) a timeline of logo eras with placeholders for dates I must confirm, 2)
a narration line per era, 3) an image prompt per era that describes the style
without reproducing the trademark.
```

Example prompts

Era image prompt

```
Flat illustration of a designer's desk with sketches showing a simple [SHAPE] mark
evolving from detailed to minimal, muted colors, no real brand names or logos.
```

Timeline prompt

```
List the main visual changes in the [BRAND] logo as a table with columns: era,
what changed, my source. Leave the source column empty for me to fill.
```

How to adapt it

1. Pick a local brand you can research through its official site.

2. Switch the focus from shape to color changes.

3. Add a closing scene asking viewers which version they prefer.

Fact check checklist

- Use the brand's official history page or press materials for dates.
- Do not reproduce the real logo in AI images. Show sketches or abstract shapes instead.
- Add a note that the brand is not affiliated with your video.
- Remove any claim you could not confirm. If you keep a disputed point, label it as disputed.
